Notice of Acquisition of Dental Business from Heraeus Holding GmbH

At the extraordinary board meeting on April 4th 2013, Mitsui Chemicals, Inc. resolved to acquire the dental business of Heraeus Holding GmbH ("Heraeus Dental"). On the same date, the Company concluded a Sale and Purchase Agreement of Heraeus Dental with Heraeus Holding GmbH.

1. Reasons for acquisition

In the FY2011 Mid-term Business Plan, Mitsui Chemicals targets growth of its healthcare business under the Functional Chemicals segment.

Dental business is resilient to changing economic conditions and significant growth is expected leveraged by the increase in aging of world-wide populations.

Heraeus Dental of Heraeus Holding GmbH is characterized by:

- 1. Extensive knowledge of the dental business based on a long history in the field
- 2. Strong brand strength of Heraeus Dental in the dental materials market
- 3. Global sales network with sales offices in over 20 countries around the world and global management knowledge

On the other hand, Mitsui Chemicals' subsidiary Sun Medical Co., Ltd. has been involved in the dental materials business for over 30 years and has a strong market presence on the Japanese domestic market. To bolster future growth, the Company seeks to expand into the global market. In addition, materials in the dental materials market have shifted from precious metals to other materials including resins. The acquisition of Heraeus Dental, which main strength is in precious metals processing, by Mitsui Chemicals, which has a good track record in chemical areas such as polymer technology, is expected to accelerate future growth in the dental materials segment.

The acquisition of Heraeus Dental will provide the Mitsui Chemicals Group with a global platform for its dental materials business, in which it targets expansion and growth as a core business, into the growing overseas dental materials market that is expected to significantly grow in the future. In addition, the Group expects to be able to respond to customer needs by the synergy of Mitsui Chemicals' rich R&D resources and knowledge of chemical areas such as polymer technology and Heraeus Dental's strong product development capabilities.

Mitsui Chemicals will leverage Heraeus Dental's global business platform to further expand and bolster growth in the dental materials market, in addition to accelerating restructuring of its business portfolio to expand and strengthen businesses resilient to changes in the economic environment such as its healthcare segment, which includes products such as lens monomers and nonwovens.

2. Structuring & Valuation

Mitsui Chemicals will acquire all the shares and assets which belong to Heraeus Dental from Heraeus Holding GmbH. A 100% holding company will be established to conjoin and manage the shares and assets.

Mitsui Chemicals and Heraeus Holding came to agreement with the valuation amount of 450 million Euros (EUR) (54.3 billion yen). Heraeus Dental's interest bearing debt is included in the valuation amount. The valuation amount will be adjusted based on the increase / decrease in working capital and cash equivalent, etc. on the closing date.

* Above amount in yen currency is based on the currency exchange rate as of March 31, 2013.
